

TANZANIA YOUTH VISION ASSOCIATION

PROPOSED ACTIVITIES 2018/19

“Youth Role In National Development”

PROPOSED ACTIVITIES 2018

Tanzania Youth Vision Association (TYVA) is a non-partisan youth led non-governmental and not for profit youth organization founded in 2000 and registered in the Ministry of Home Affairs in 2002 with registration number S.O NO.11454. It focus much to empower the youth and promote their participation and involvement through capacity building programs and advocacy in issues pertaining to youth welfare.

Over the past 17 years, the organization has been actively involved in lobbying and advocating youth interested issues through capacity building and awareness programs. TYVA is working around four basic thematic areas; civic awareness, environment, health and entrepreneurship.

Furthermore, we have ongoing programs; Dira Dialogues, School of TYVA and Youth employment initiative in Dar es salaam.

For 17 years TYVA has been working together with national and international development in areas of civic awareness and organizational capacity building. For the year 2018 TYVA is expecting to implement the following activities;

DIRA DIALOGUES

The program intends to improve and increase youth participation in Electoral processes, taking leadership role in 2019 LGA elections; It's an important component of youth development as it contributes in building human and social capital. Facilitating young people's voices and inclusion in leadership and civic processes that affect their lives, can contribute to positive outcomes and gains at the individual and community levels. If young people are civically engaged, they will be more democracy, and to peaceful co-existence.

GIRLS' RIGHT PROJECT

TYVA will conduct Girl's rights advocacy meetings in four districts of Mpwapwa, Kisarawe, Lindi rural and Singida rural, aiming at advocating for girls right to education in reference to issues rose in survey, such advocacy should lead to the initiative taken by local government leaders like setting up by laws regarding girls' right.

DIGITAL ADVOCACY CAMPAIGNS

With the increase in the use of social media among youths, TYVA saw a need to integrate its programs digitally. With such initiative taken we expect to first, capacitate TYVA members with content development skills before engaging youths in social networks advocating for their agendas while collecting their views. The agendas to be advocated are girls' right, youth budget 2018-19, tax justice and service delivery.

ANNUAL GENERAL MEETING

According to TYVA constitution, every after a year we call for Annual general meeting where executive committee share Annual programmatic reports and financial report of the organization fiscal year. The Annual general meeting includes TYVA members and its stakeholders to come together to adaptation and approval of annual programmatic and financial reports.

PARLIAMENTARY VISITS

It is a tendency of TYVA to organize a coalition of youth organizations and come up with agendas for advocating to the parliament through its mutual relationship it has with young parliamentarian's caucus. For this year we will advocate agendas like girl's right and submission of youth priorities on 2018-19 fiscal year. We expect decision makers to engage and issues to be adapted.

RESIDENTIAL TRAININGS

The aim of the residential trainings are to enhance members' capacity for the well designing, carryout of programmes and active engagement into association's activities with the ultimate goal of sustaining association's development. Also to ensure the knowledge obtained through trainings is shared to members and non-members.

DEVELOPING AND DISSEMINATION OF BOOKLETS

After visiting parliament and collecting youth agendas in Dira dialogues we will design booklets and disseminating them to different youth around selected area of the country in order to disseminate information on girl's rights, civic awareness and budget location to increase youth awareness on their agendas on fiscal year.

COMMENERATION OF TYVA DAY, UHURU DAY, AND INTERNATIONAL GIRL CHILD DAY

TYVA as youth led organization will join with other youth around the world to commemorate local and international days; as usual TYVA will commemorate eighteen years of the organization existence, and Uhuru day to Convening discussion with active and effective youth participation in the dialogue to come up with resolution for LGA election participation. In November TYVA will join the world to commemorate International girl child day as part of Girls right program for this year.

PROGRAM ON TAX JUSTICE AND SERVICES DELIVERY: EDUCATION AND HEALTH.

Due to the President's emphasising on increasing government revenue through tax collection, we find it necessary for such initiative to be effective and efficiency. Therefore, we come out with "Tax Justice and Services Delivery: Education and Health" program, that identify shortcomings on services delivery; education and healthy, in relation to tax justice and coming with issues to advocate.
